Bolt Pitbull Pistol Crossbow

The Tactical Crusader has been expanding its line of Bolt compact crossbows for recreational use and small pest control. The Pitbull below has a 28 pound draw and comes with three plastic arrows. Needle sharp aluminum arrows, wrist quivers and lightweight targets are available accessories to complement this \$69.99 retail model. The same firm offers compact recurve models up to 80 pounds, all backed by a one year warranty. Call the Minnesota firm at (763) 400-8000 or email Grant Johnson, grant@thetacticalcrusader.com.

Cuddeback Silver Series

Cuddeback Silver Series cameras include the Black Flash model 1231 and the Long Range IR model 1224 with 20 high-power LEDs and a 100 foot flash range. Both the 1231 and 1224 are built using rugged housings with overmolded rubber doors and thumb-screws. There are no latches or clips to break on these units. Both of them have

Cuddeback's 1/4 second triggerspeed. Both Silver Series models also feature 20 MP picture resolution, zone control, burst mode, video mode and Cuddeback's 5.2.1 warranty. The MSRP is \$170. For more information, please call (920) 347-3810.

Caldwell Pic Rail XLA Bipod

The new Caldwell Pic Rail XLA Fixed Bipod provides a stable shooting platform. The integrated 1.5 inch long picatinny rail clamp fastens directly to a firearm's or crossbow's picatinny or quad rail. The bipods are collapsible, so they can remain affixed for easy transport.

The bipods are available in two models: 6-9 inch and 9-13 inch. They feature a lightweight aluminum design, soft rubber feet for enhanced stability and spring-loaded legs with lockout knobs. A cam over lever secures the bipod to a picatinny rail firmly. The MSRP is \$49.99. For more information, please call (573) 445-9200.

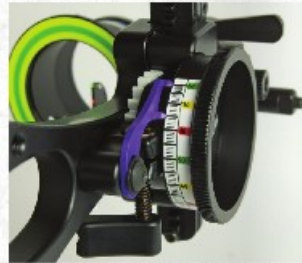

Spot-Hogg Double Pin - Double Pointer

In 2017, all Fast Eddie and Fast Eddie XL bow sights equipped with the Double Pin housing will also come with the new Double Pointer. The Double Pointer allows the archer to know the distance to both fibers regardless of where the dial is set. The Double Pin, Double Pointer combo gives the archer two aiming references within the same single pin body.

The Fast Eddie and Fast Eddie XL are available in both right- and left-hand versions. The Double Pin Fast Eddie MSRP is \$250.00; the Double Pin Fast Eddie XL MSRP is \$270.00.

For more information, call toll-free at (888) 302-7768.

Summit Utility Hook 3-Pack

Summit Utility Hooks feature all-steel construction with a rubber-coated finish that allows a hunter to hang their gear with ease. From bows to quivers to a backpack, the 3-Pack of Summit Utility Hooks can be used to hang a wide range of gear. In addition, the hook design provides easier hand grip while screwing the hook into a tree, as its easy-start tip aids in quick installation.

The Summit Utility Hook 3-Pack MAP is \$6.99. For more information, please call (800) 353-0634.

PSE Carbon Air 34 ECS

PSE has powered up the 2017 Carbon Air 34 ECS with its new Evolve Cam System (ECS). This cam features a smooth draw cycle as well as a solid back wall with up to 90 percent letoff and it still delivers an arrow at 336 fps.

The Carbon Air 34 ECS also features the new AirGlide cable guard for friction reduction and the Wide-Track Limb system for shot stability. This bow is designed to retail for \$1,499.99. For more information, please call (520) 884-9065.

Bohning Crest Lac

Crest Lac is a waterborne coating that will dry to a glossy and durable opaque finish for dipping and crestring.

The new coating technology yields a paint that does not separate quickly. Due to the flow and leveling, the shafts will show no brush marks when dry.

This acrylic waterborne paint is non-hazardous, with no VOC. It dries to a glossy, hard layer on any shaft in 24-36 hours (based on humidity in the drying area).

The all-new Crest Lac paints are available now in a 1 ounce jar for \$8.99 a quart for \$55.49 or a gallon for a \$148.99 MSRP in a variety of colors. For more information and to order, call (231) 229-4247.

Bishop Archery Broadheads

The Single Bevel broadhead from Bishop Archery weighs 600 grains. It has a 1-1/8 inch cutting diameter and is constructed out of Proprietary Bishop S7 Tool Steel. A three pack costs \$229.99 and CNC-machined stainless steel versions of this Scientific Method Model in lighter weights are available for \$65.95.

The Serrated Head weighs 500 grains. It has a 1-1/2 inch cutting diameter. A three pack costs \$359.99 and non-serrated stainless-steel machined three blade head versions in a 1-1/8 cutting diameter cost \$59.99 per three pack.

For more information, call (760) 876-0120.
